

acted by officials here, but it was stated the mediators and delegates had talked over the character of the proposed provisional government to be instituted in accordance with the protocol signed yesterday by the representatives of Huerta and the United States.

In several sources the attitude of the Constitutionalists toward mediation was declared to be dilatory in the extreme. The announcement by General Carranza's headquarters at Saltillo that a reply to the latest note to the mediators would be awaited before the representatives of the Constitutionalists would proceed to Niagara Falls to confer informally with the American representatives and the Huerta commissioners. That an answer was expected from the mediators to the communication stating that Constitutionalists delegates would be sent also, was declared by Carranza agents in Washington. No reply from the mediators had been received to-night.

PRESIDENT IS NOTIFIED OF SIGNING OF PROTOCOL

President Wilson just before leaving early in the day for Princeton, was notified of the signing of the first protocol which specifies that a provisional government shall be established to succeed the Huerta regime such government to be recognized by the United States. The President expressed satisfaction over this action, and it developed that Charles A. Brown, a New York attorney, and former United States Senator from Minnesota, had been retained by the Mexican regime. Mr. Brown, who is in Washington several days, has had two conferences with President Wilson, and today was in communication with Secretary Bryan. He plans to see President Wilson again to-morrow. The New York attorney also was in touch during the day with the Mexican delegates at Niagara Falls.

Mr. Brown late today issued a statement expressing approval of the signing of the first protocol, but declaring that the matter of choosing the personnel of the provisional government, especially the man for the presidency, was the gravest problem before the mediators, and that the situation at the present time was "tense and delicate."

DECLINES TO DISCUSS VIEWPOINT OF HUERTA

The Huerta counsel would not discuss the state of the proceedings from the viewpoint of the Huerta government, further than to say that "it is a mistake to infer that the rest of the deliberations are bound to proceed smoothly."

Reports were current here to-night that the Huerta delegates, in view of concessions already made by them in the proceedings thus far, now were making the demand for the Huerta government. It is a mistake to infer that the rest of the deliberations are bound to proceed smoothly. Reports were current here to-night that the Huerta delegates, in view of concessions already made by them in the proceedings thus far, now were making the demand for the Huerta government. It is a mistake to infer that the rest of the deliberations are bound to proceed smoothly.

Whether there will be any yielding on the part of the United States in its concession of the scheme to be followed in the formation of the provisional government could not be learned. That official conferences bearing on this seemed probable. Encouraging this point, the position of the Constitutionalists will be taken into consideration, some averring that to set up a provisional government as a result of mediation, which would not formally recognize the revolutionary forces in Mexico, would avail nothing.

ON MEXICAN CAPITAL

While the officials are proceeding, the Constitutionalists are continuing their advance on Mexico City, and so far as can be learned propose to continue as vigorously as possible, despite the fact that their representatives may proceed to Niagara Falls to talk over the peace proposals.

Mr. Brown, who has been mentioned as one of the probable delegates to be designated for the mediation conference by Carranza, returned to Washington to-day from New York. He conferred with Luis Cabrera, another of the probable delegates, and also with Rafael Sarabian, chief agent of Carranza here. Charles A. Brown, one of Carranza's counsel here, discussed the situation with Secretary Bryan. Mr. Brown said he had received no late communications from Carranza regarding participation in the mediation conference. In view of the declaration from the mediators that Constitutionalists would not be officially received unless fighting in Mexico ceased, the general conclusion here is that whatever participation Carranza's men may make, will be entirely informal.

Notwithstanding the press reports of sanguinary battles in the neighborhood of Zacatecas in Central Mexico, and at Mazatlan on the West coast, the State Department had no news from any of its agencies that could be made public. However, it is gathered from such information as is at hand that the Constitutionalists are renewing their attacks upon the Federal garrisons at many widely separated points, so fiercely and simultaneously as to suggest the belief that they are acting under a general order from Carranza to rush the campaign against Mexico City to a conclusion, regardless of its cost in killed and wounded.

FATAL WRECK ON SOUTHERN

Engineer and Fireman on Passenger Train No. 20 Killed.

Danville, Va., June 14.—Engineer John Wingate, of Danville, and Fireman Pickard, of Southern Railway train No. 20, bound from New York to Birmingham, Ala., were killed in a derailment at Sadler, N. C., about fifteen miles south of here, this morning.

The wreck occurred at 12:35, and was caused by the engine splitting a switch. The engine left the track and rolled down an embankment for ten feet or more. Fireman Pickard was instantly killed, and his body has not yet been recovered from beneath the wreckage. Wingate was removed from the debris badly scalded and otherwise injured, and died about 1 o'clock this morning.

All of the coaches except the last three left the track, but no passengers or other members of the crew are reported injured. A hospital corps was rushed to the scene from Raleigh, N. C., and wrecking crews sent from Monroe, Va., and Spencer, N. C.

CONVICTED OF MURDER

Charlotte, N. C., June 13.—After having the case all night, a jury this morning reported finding Charles Trull, a young white man, guilty of murdering Sidney Swain, a well-to-do merchant. Swain was waylaid and killed with a heavy iron pipe late on the night of May 16, while going from his store to his home. He was robbed of over \$100. Such a sum of money was later found on Trull's person. A strong chain of circumstantial evidence connected Trull with the crime. On the stand young Trull told an amazing story of past crimes, admitting he had grafted from employers, wronged his father and deserted his wife.

A sensation marked the last stages of the trial when Judge Adams said the order of the defendant searched for drugs, declaring he would severely prosecute the party who supplied the drugs. Trull had slept frequently while his trial progressed, and went to sleep during the judge's charge.

IN RIOTOUS CAMPAIGN AGAINST GOVERNMENT

Republicans, Socialists and Anarchists Join in Opposition to Authorities.

REIGN OF VANDALISM BEGUN

Rioters Invade Churches and Clubs, Use Furniture to Build Barricades, From Which They Resist Charges of Troops.

Bologna, Italy, June 13.—Republicans, Socialists and Anarchists, who in the past have fought each other vehemently, joined in a riotous campaign against government authorities at Ravenna. It was learned today, until troops drove the leaders in the Republican, Socialist and Labor Exchanges, where they now are besieged. After a mass-meeting messengers were dispatched to the surrounding country to instruct the three parties' adherents to gather and oppose the authorities.

Simultaneously a reign of vandalism was begun. The rioters invaded the Church of St. Mary, destroyed the sacred objects, stole the pictures and altars boxes. They removed the confessionals, benches and pulpits, and formed a barricade with them across the street, filling in open spaces with chairs, statues, candlesticks and crucifixes.

Another mob invaded the Constitutional Club, where the orgy of destruction was continued. The furniture was used to build another barricade, on top of which the national flag was burned. Cavalry and infantry, with fixed bayonets, attacked the barricade in the face of volleys of stones and other missiles, while the rioters shouted, "Long live the Republic! Long live the social republic! Long live anarchy!" The soldiers on the third charge dispersed the revolutionaries who took refuge in the Labor Exchange.

Meanwhile another band tried to force its way into the palace of the prefect of police, which was guarded by carabinieri. The prefect, in attempting to parley with the rioters, was struck on the head and killed. The troops again charged, fired on the mob and dispersed it.

Subsequently reinforcements of troops arrived and occupied the whole town.

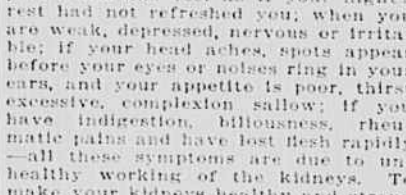

Diseased Kidneys Poison Blood

How to Tell Whether Your Blood is Impregnated.

Since the kidneys are of such delicate structure and so inadequately supplied with sensitive nerves, they are quite susceptible to disease. As their function is to remove impurities, any disorder affecting them affects the whole system. Unmistakable symptoms of diseased kidneys are when you arise in the morning with dull, aching pains in your back and feel as if your night's rest had not refreshed you, when you are weak, depressed, nervous or irritable; if your head aches, spots appear before your eyes or noises ring in your ears, and your appetite is poor, thirst excessive, complexion sallow; if you have indigestion, biliousness, rheumatic pains and have lost flesh rapidly—all these symptoms are due to unhealthy workings of the kidneys. To make your kidneys healthy and strong you should lose no time in taking Warner's Safe Kidney and Liver Remedy. It acts beneficially on the delicate tissues of the kidneys, stimulates the diseased parts, purifies the blood by increasing the circulation and awakens the torpid liver, assists in digestion and tones the system, enabling every organ to do its work properly and fully. It is sold by all druggists in 50-cent and \$1.00 sizes. Free sample and booklet if you address Warner's Safe Remedies Co., Dept. 285, Rochester, N. Y.—Advertisement.

GET RID OF HUMORS AND AVOID DISEASE

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease.

For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. It is distinguished for its thoroughness in purifying the blood, which it enriches and invigorates. No other medicine acts like it, for no other medicine is like it.

Get Hood's Sarsaparilla to-day. Insist on having Hood's.—Advertisement.

Our patrons often ask: "How are you able to charge low prices for such beautiful dental work?" The answer is: There is a large profit in dental work, and partly because we prefer a large practice at small prices to a small practice at large prices, and partly because the combination of several men in one office minimizes expense. Also, by supplying our different offices we buy an immense lot of teeth, gold and other dental supplies, thereby saving a large discount. Therefore we can, by doing dental operations PAINLESSLY and in less time, turn out the best dental work at moderate cost.
